 - Fill out the form requiring information to create your account. Click **Register**. If you need to update your email address, please contact us at Scholarships@GRFoundation.org so we can update your account.
- Click **Return to Login**. Enter your email address and password, then click **Sign in**.
- Check your email for a welcome message and links to our scholarship resources and contact information.

- Before creating a new application, review the information on the Opportunity’s page.
- Click **Print Blank** to save a pdf of the application before you begin.
- Click **Apply** to get started.
- The first page of the application asks for your contact information. Enter the email address you used to create your account. Communications regarding scholarship awards will be sent to this address.
- The application will display the number of pages at the top of the screen (example: “Page 1 of 7”)
- Complete each page, using **Next** at the bottom of the screen to go to the next page.
 - While your application is open, we recommend occasionally clicking on **Save Draft** in the bottom left corner of the screen. This will ensure your response is saved even if your internet connection is unstable or the webpage needs to reload.
- Always click on **Save Draft** before exiting your draft application.
- **Submit** your application when complete.
- **IMPORTANT:** Keep the portal open in a single browser tab. Opening the portal in more than one browser tab can cause data loss in your application (your responses will not save and will need to be re-entered).
