Unusual Circumstances

Please report any family, personal, financial circumstances or unusual family responsibilities you believe warrant consideration.

This is an optional field where you can share anything you would like the selection committee to take into consideration.

Tell Us About You Essay

(Provide an essay 3000 Characters, 500 Words Max) All points must be addressed for committee review: reason for choice of college, chosen course of study, career goals, how will you finance college, and past activities and community service.

This is the section of the application where you answer the points listed in the essay prompt. Make sure you use appropriate grammar, spelling and punctuation. You are not writing a text message.

This is your opportunity to set yourself apart from other applicants and help the selection committee understand your hopes, dreams, and goals and your plan for successfully reaching your goals.

Make sure you share how you plan to finance college. Are you applying for FAFSA? Are you applying for other scholarships or grants? Are you putting a portion of your income away to help finance your college tuition?

Your statement does not have to be the maximum length; however make sure you take the time to write more than just three or four sentences. Essays are all read and the information is important to the selection committee. Use examples and explain any volunteer activities you have participated in.
